

# 5-127 Round- and Castellated Profiles

EPDM or Neoprene

The round profiles are made from EPDM or Neoprene with a closed surface.

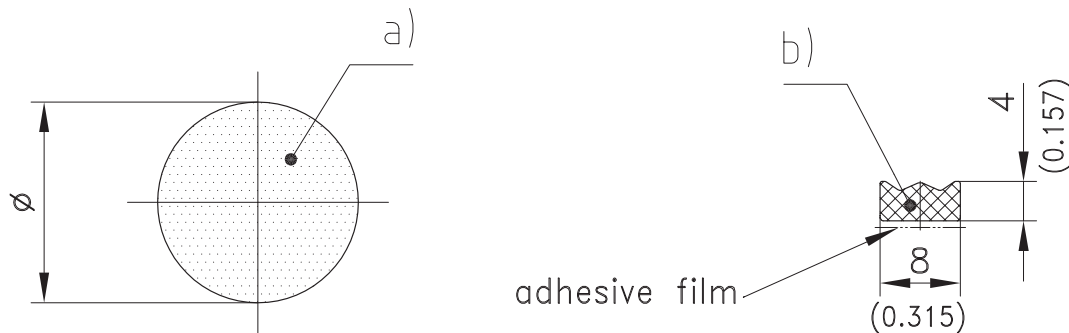

- The catalog shows the DIRAK standard dimensions.
- Other dimensions are available on request.
- Tolerances: EPDM / Neoprene see page 07.07.

- Castellated profiles are made from EPDM.
- These tapes are available with or without one-sided self-adhesive. They are non-stretching.
- The glue on the self adhesion profile is only an assembling aid.
- The catalog shows the DIRAK standard dimensions.
- Other dimensions are available on request.
- Tolerances: EPDM see page 07.07.

### Material:

- EPDM or Neoprene
- **Storeability: 6 month**
