

6-166SL Compression Latch SNAP-LINE

Lever-actuated compression latch clip-in SNAP-LINE

Benefits:

- Release = lift lever and turn.
- Close = turn and fold lever down.
- When closed, the cam is held in place using detents.
- **SNAP-LINE version.**
- The latch comes pre-assembled and can be installed into the cutout.
- **Screw-on version.**
- With the bridge and a M5 x 20 countersunk screw, a (S) -dimension of 0 to 3.5mm / 0 to 0.138 inch can be achieved.

Material:

- **Compression latch:** PA
- **Spring:** spring steel
- **Pin, Bridge and screw:** steel, zincplated

Compression Latch, SNAP-LINE

	Part Number	Installation type	Compression	Clamping range	H-dimension	Version
a)	282-9008.00-00000	tool-less	Yes	5 mm	24	left door
a)	282-9009.00-00000	tool-less	Yes	5 mm	24	Right door

Compression Latch, screw-on version

	Part Number	Installation type	Compression	Clamping range	H-dimension	Version
b)	282-9010.00-00000	screw-on	Yes	5 mm	24	left door
b)	282-9011.00-00000	screw-on	Yes	5 mm	24	Right door

Additional Information:

282-9008.00-00000

282-9010.00-00000, 282-9011.00-00000 Clamp and countersunk screws M5x20 are included.
