

5-171 Radius Adapter

RoHS
WEEE

for clip-on sealing profiles

Advantages

- Radius Adapter simplifies installation for clip-on sealings by creating a radius within 90° inside corners.
- The Radius Adapter is easily installed and kept in position at the flange of the housing by the clip-on U-part of the sealing profile.
- No welding and grinding of junction plates due to the corner radius.
- Just put the Radius Adapter into the angle (after the painting process) and fix with the U-shape carrier of the profile.
- Housing covers can be screwed to the frame at low cost using the integrated device for selftapping screw.

Materials

- **Radius Adapter:** PA6 30GF, black

Remarks

1. Installation surface
